# WELCOME

Let me start off by saying THANK YOU! You are taking the time to read my pricing guide, and that really means a lot to me.

As you may already know, I'm Jenn. The artist behind North Star Pyrography! I am a self taught wood burner with almost 6 years experience. I have a background in arts and a diploma in web and graphic design.

When creating my wood burned pieces and custom design for you, I get so much joy in the process! I love creating artwork that brings out emotions and feelings in others, putting a smile on your face when you receive one of my pieces really does make my heart full!

From pet portraits (whether it be a gift or a memorial piece) to wildlife works, landscapes, fantasy scapes, vintage and antique cars and so much more - I would love to work with you and help turn your imagined design into a piece of art!

I have a variety of surfaces available, ranging in wood species, sizes and prices. Basswood, Cherry, Maple, Elm, Russian Olive and more. I can do cribbage boards as well! Which is a fantastic way to have a functional piece of art in your home - or give it as a gift!

My current booking date for commissions in January 2023 - but don't wait to book a spot as I do fill up extremely fast! Contact me today to get a spot, even if you're not sure what you want, but know you want something done anyways!

# PET ORNAMENTS

Pet ornaments are great way to hang your pet on your tree during the holidays - or anywhere of your hoe at anytime of the year! They also make fantastic gifts for family and friends! Pets can be anytype - dog, cat, horse, bunny etc.

**\$80.00 per ornament**  
\$20 deposit required to book

Pet ornaments are roughly 4" in diameter. This can vary slightly as the shapes are not perfectly round.

Choose from your choice of Basswood or Birch Wood for your ornament. All ornaments have twine added for a rustic styled hanger.

I do require a high quality photo - a low quality photo will result in a poor quality burn. One pet per ornament.

The backside of the ornaments are left blank for your personal use! If you'd like to add a name - just ask!

All prices are subject to change without notice.

# FAQ's

## 1. How much do you charge?

It can depend! Prices vary from each piece. I take into account the type of wood, the size of the wood and the design you're wanting burned. Prices listed in my guide are a rough starting point. But if you need me to design a large fantasy piece, that will take more time therefore will cost more. If you're wanting a pet portrait or wildlife image etc, then there's not a lot of design time and are pretty much the same price as what's in the guide.

## 1. What is the process to book?

Contact me to inquire or fill out my contact form on my website! I will let you know my next available start date, and can then give you some estimates based on the info you provide.

Once you accept the start date and decide on which option you would like from the estimates, I will forward via e-mail a contract for you to electronically sign. This contract just goes over stuff such as the non-refundable deposit, the procedure once I start the burn, shipping, refunds etc. and is to protect you as well as myself of course (I've been burned a lot so it's a necessity now unfortunately).

When I receive the signed document back, I will send you an invoice by e-mail via Square.

This invoice will show the deposit amount, total amount and any costs we had previously talked about and that was shown in the contract. This invoice will allow you to pay via all major credit cards and debit cards. If you wish to pay via PayPal or E-transfer, just let me know.

Once the deposit has been received, the date given in the contract for the start date will be yours.

I do not guarantee the date given if the deposit has not been paid. Please be sure to read my Policies Page for all info.

### **3. Can I send you images of what I want for a design?**

Yes, of course!

If you're having a pet portrait done, or any other image that your wanting done - such as a specific mountain, or animal etc - then please make sure the image is as high of quality as possible! I will not accept screenshots of pictures. If you're finding images online, like facebook, please right click the image and save it. Or if you have original images, then that's perfect! Please try and make sure the image is clear, good lighting and lots of detail if possible. Poor images will and can result in a low quality burn. I do not charge less for poor quality images.

**\*\*Please note:** If you find another artists work that you would like me to copy, I will not do that. Sorry! However, I can do my own style of a design that is similar, but not copied.

If you are wanting other copyrighted works, such as Disney pieces, Harry Potter etc, I can do this, but I will not post it online, and request you do not share it online either for copyright purposes.

### **4. Where do you ship to?**

I ship worldwide!

Shipping costs vary depending on the country of course. And it is your responsibility, before ordering, that you make sure your country will allow the importing of wood artwork. Some countries do not allow this and I do not know which ones. Please do some research! I would hate for you to have a special art piece seized at the border!
